

How to Use *Critical Images in Emergency Medicine* for iPad

Method of Participation

This educational activity consists of self-study material. To complete this educational activity as designed, the participant should, in order, register for CME <https://webapps.acep.org/subscription/ciem.aspx>, review the learning objectives, review the images, questions, and answer explanations, and then complete the online post-test and evaluation questions. It should take approximately 15 hours to complete.

To complete the online post-test and evaluation questions, after you have registered (see above), go to <http://ecme.acep.org/diweb/mylearning> and log in. Once you are logged in, launch *Critical Images in Emergency Medicine* and follow the online instructions.
