

## **CME Now: Myths in Emergency Medicine**

By the end of this CME activity, you will be able to:

- Implement strategies into clinical practice to identify which patients should have skin tears primarily closed.
- Incorporate into practice the appropriate use of supplemental oxygen.

## **How to Complete an ACEP eCME Activity**

Follow these steps in the left navigation pane in order.

- A yellow circle indicates "in progress: or that you've viewed a PDF or multimedia file.
- A green circle indicates you've completed a confirmation or attestation.
- A green checkmark indicates you've successfully completed a test.
- When you complete an activity, you'll get an e-mail confirmation with instructions for creating your CME certificate.

### **Of Note:**

- The Confirmation Statement is your attestation that you've read the Instructions to Learners.
- You'll take a pretest only once for each activity. You don't have to pass it.
- A course or activity can be a PDF, a slide presentation with audio, a video, or some other format.
- To get CME credit, you have to get a passing score on the post-test. You can take it as many times as you need to.
- You'll also need to do a short evaluation and attest that you completed the activity according to "Method of Participation."
